

iTALK 320

PTT Portable Radio

- Slim and lightweight
- 24mm super slim body
- 1.77" colour display
- NFC

General

Designed with built-in Bluetooth, Wi-Fi and GPS/NFC modules, the iTALK320 is ideal for various applications. Its ultra-slim body offers a comfortable grip. Three programmable keys achieve such functions as alarm, specified call type, user announcement and voice playback, satisfying your preferences. With a light weight of 200g, it's convenient to carry around. The iTALK320 is ideal for industries such as private security, transportation, logistics, property and hospitality management and shopping centres, among other uses.

Features

• PTT Call Types

Support 2G/3G/4G and Wi-Fi networks to achieve wide-area communication. Support individual call, group call, all call and broadcast call via the large PTT key. Three programmable keys to satisfy user preference.

• Precise Positioning

Supports GPS positioning for higher efficiency and precision.

• High-Capacity Battery

3000mAh high capacity battery for extended operation time.

• Professional User Interface

Large easy to read 1.77" TFT color display screen. It brings simple, natural and user-friendly interfaces.

• iTALK Patrol

Built-in Bluetooth, GPS and NFC modules bring more possibilities of extended applications; e.g. working with the iTALK Patrol system.
